**Mike Gamms for NY** Why are TERFs being given free reign to comment their bigotry all over this group. The GP admins need to do something about this. It's fucking embarrassing AND DANGEROUS.

Haha · 1h · Edited

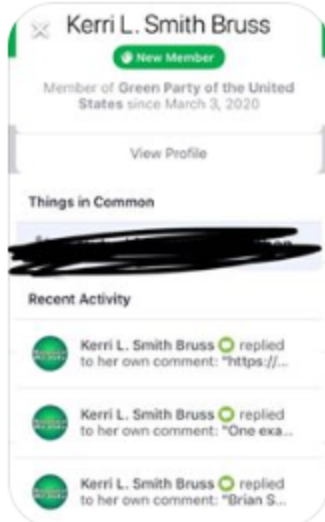

**Mike Gamms for NY** ADMINS OF THIS GROUP. ENOUGH IS ENOUGH. Something really needs to be done about all the TERFs that are running wild and pushing anti trans bigotry and hate speech all over our group in the comments. I've been getting several complaints from people I know who are seeing this stuff particular in the GP USA group and wondering why it's not being deleted and these people aren't being banned from our groups. These are fascists. Pushing dangerous hate speech on our party public group for the world to see.

WHY ARE WE HOLDING SPACE FOR THESE PEOPLE. THESE PEOPLE NEED TO BE BANNED. AND THESE COMMENTS REMOVED. ITS UNACCEPTABLE.

Haha · 1h

**Mike Gamms for NY** Why was this person even allowed in our group. They came here this week just to push bigotry

Like · 1h

**Mike Gamms for NY** This comment was on Howies page a week ago and they joined our group after, with a profile picture that's hate speech to push bigotry ADMINS OF THIS GROUP.

**Kerri L. Smith Bruss**  
Defending the sex-based rights of women and girls isn't hate. Biology isn't bigotry.

**Paula Densnow** It seems that opposing the rights of women and children goes hand in hand with not understanding what democratic debate and the right of free speech means.  
What a shock!  
Calling a statement which upholds long time rights of women and children "transphobic" is odd coming from people who usually insist that "rights are not like pie".  
If rights are not like pie, why does calling for rights for women and children set TAs off into spasms of fury and recrimination?  
Why do they feel entitled to call for bannings and groveling apologies?

Love · 44m

**Mike Gamms for NY** Paula Densnow you aren't calling for women's rights and children. You are bigot and your argument is a mirror image of the KKKs claim to "white rights" fuck off terf.

Having a gun pointed at you and told to "shut the fuck up" is probably not the best way to convey and cultivate a climate of respect, diversity, protection of constitutional rights, and so on.

**Laura Dexter Lance** Yes, it appears that many in the GP see this statement of Kerri's as hate speech: "Defending the sex based rights of women and girls isn't hate . Biology isn't bigotry."

Yet they do NOT see Mike's response in this screenshot as hate speech. Go figure. His follow-up comment about respect and diverstiy adds a certain irony to his preceding comments .

**Paula Densnow** This is actually hilarious. Mike Gamms, apparently running for Congress on the Green Party ticket, alternates between insults, threats and calls for banning, with stirring cut and pastes of Green Party values of diversity.

This shows very clearly that bullies and bigots realize that the Establishment has their back on this issue, and there is no insult too vile or threat too violent for them to hurl at women who disagree with their views of biology and reality.
